

Openings in grade 1 occur by attrition only, and available seats are rare.

New this year: Families may submit an Application of Interest for grade 1.

If openings become available, we will notify families via email and update Ravenna accordingly. At that time, parents will be invited to submit the Preliminary Application and complete the required application steps.

The Preliminary Application will only appear in Ravenna if openings become available.

To help expedite a late application if openings occur, parents may choose to submit the teacher recommendation, the current year report card, the cognitive assessment, and photos along with the Application of Interest. This is not required and may be deferred until we confirm available openings.
