It is through your generosity that we can continue to provide exceptional opportunities and resources that go beyond what tuition alone can cover. Together, we empower our students to excel and thrive in all areas of their education and personal development. Thank you for your partnership!

Thank you for supporting our long-standing tradition of philanthropy.

Why to Support

Harker's annual giving serves as our school's primary fundraising effort each year, providing vital support to a wide range of student programs. These funds are allocated towards essential areas such as athletics, arts programs, clubs, classroom and library resources, technology enhancements, student services, and much more. As a nonprofit independent school, Harker relies on additional income beyond tuition to fully support these students and their diverse educational experiences. Gifts made to our annual giving campaign have an immediate impact, as they are utilized within the same year they are received. By contributing to annual giving, you directly contribute to the enrichment and advancement of our students' educational journeys.

When to Support

Please consider submitting your gift early during our pledge week, taking place October 9, 2023. While contributions are welcome throughout our fiscal year (June 1, 2023 to May 31, 2024), early participation helps create momentum and supports our student programs. Your timely contribution makes a significant impact on our students' educational experiences.

How to Support

You can make a gift online (www.harker.org/giving) using a credit card or ACH transfer. Alternatively, you may complete the annual giving pledge envelope included in this brochure. We also accept stock transfers, in-kind gifts, and employer payroll deductions. Corporate matches may apply to many gifts to The Harker School.

How Much to Give

We encourage all families to contribute to annual giving at a level that is appropriate to their financial situations and within their means. Many families choose to participate at one of the Leadership Giving levels, starting at \$5,000 and above. However, please know that gifts of any size are highly appreciated and make a significant impact. The average gift per family was \$3,300 last year, serving as a helpful reference for new families. Your support helps enhance our student programs.
